

My daughter Raylee has been dancing at Jo Ann Warren Studio for five years. At the beginning of her fifth season we decided to join the Performance Plus Team. **“During that season her progress both physically and mentally was unlike any season prior to.”** Ranging from 5yrs old and up these dancers came together and accomplished something remarkable. Their bonds grew and they went from being dancers at the same studio to a family. From music videos, photo shoots, holiday parties, conventions and being invited to team extra’s these kids did it all. Come time for recital these little professionals stepped on stage and showed how much hard work pays off. Performance Plus gave so much more to my daughter than just local performing opportunities, it truly brought her to the next level. **“It was the best decision I could have made for my daughter’s future in dance.”** Now their hard work will continue into Disney 2018! I am forever grateful for this amazing opportunity that Jo Ann Warren Studios’ Performance Plus Team has offered to my daughter.

The Dynamites are another part of the Performance Plus dance team. A few advanced dancers are chosen to be part of the competing group, Dynamites. They display amazing dance ability and a dedication to dance along with having a love for performing. Along with the performances through Performance Plus, team members are eligible to perform and compete in local and national dance conventions and competitions.

Dynamites are a great group of girls!

These girls were selected based on technique and performance quality, but also in their constant drive for friendships and teamwork. These girls are preparing themselves to enter into the JAWS Performance & Collaborative Teams when they are ready.
